Aurelia Gold & Amber Crystal Chandelier

Installation Guide

In the box

Chandelier body with arms · crystal drops · bottom finial · 50 cm chain · canopy with plate and hook · connectors and terminal block

You will need

Two people, drill, screwdriver, pliers and a sturdy ladder. SES (E14) candle globes, one per lampholder, sold separately (warm white LED recommended).

Important safety information

- This light must be installed by a licensed electrician, in line with AS/NZS 3000 (Wiring Rules) and local regulations.
- Turn the power off at the switchboard before installing, cleaning or servicing the light.
- Use screws and wall plugs suited to your wall (plasterboard, timber or masonry).
- Heavy fitting: it needs a fixing able to carry its full weight. Your electrician must check the ceiling first.

Step by step

1. **Fit the arms**
   With two people, on a soft surface: screw each lower arm into the body until firm, then fit the upper decorative arms with their small screws.
2. **Join the arm wires**
   Join the arm wires inside the body with the connectors supplied (Active to Active, Neutral to Neutral), then screw the bottom finial back on by hand.
3. **Fix the mounting plate**
   Screw the plate with its hook into a joist or a support rated for the chandelier's weight.
4. **Hang and set the drop**
   Hook the chain onto the plate, set the drop (remove links if needed) and thread the cable through the chain.
5. **Connect the wiring**
   With the power OFF, connect through the terminal block: Active to L, Neutral to N, Earth if fitted. Push the canopy up and secure it.
6. **Fit crystals and globes**
   Hang the crystal drops on their hooks, then screw an SES (E14) candle globe into each lampholder.
7. **Test**
   Restore the power at the switchboard and switch on the light.

Care and cleaning

Turn the light off and let it cool. Dust with a soft, dry cloth. Wipe crystals with a slightly damp, lint-free cloth and dry them; never spray cleaner near the lampholders.
