Kaia Alabaster Stone Wall Light

Installation Guide

In the box

1 x brass-finish backplate with integrated LED heads · natural stone slices (1, 2, 3, 5, 7 or 9, depending on size) · 1 x mounting bracket · screws and wall plugs

You will need

Drill, screwdriver, pencil and spirit level. No globe needed: warm white LEDs are built in. Not dimmable. Suggested height: centre about 150 to 170 cm from the floor, or level with the middle of a mirror.

Important safety information

- This light must be installed by a licensed electrician, in line with AS/NZS 3000 (Wiring Rules) and local regulations.
- Turn the power off at the switchboard before installing, cleaning or servicing the light.
- Use screws and wall plugs suited to your wall (plasterboard, timber or masonry).
- Indoor, dry areas only. Hardwired: installation must be carried out by a licensed electrician.
- Natural stone is fragile: unpack it on a soft surface and handle each slice with care.

Step by step

1. **Unpack with care**
   Lay the backplate and the stone slices on a soft blanket. Check that every slice is present.
2. **Mark and drill**
   Hold the bracket against the wall, check it is straight with a spirit level and mark the holes. Check for hidden pipes or cables, then drill.
3. **Fix the bracket**
   Push in the wall plugs and screw the bracket firmly to the wall, with the supply cable coming through the centre.
4. **Connect the wiring**
   With the power OFF, connect Active to L, Neutral to N and Earth to the earth terminal. Tuck the wires neatly behind the backplate.
5. **Mount the backplate**
   Fit the backplate onto the bracket, check it is level and tighten the fixing screws.
6. **Fit the stone**
   Place each stone slice over its LED and secure it with its brass cap. Do not overtighten.
7. **Test**
   Restore the power at the switchboard and switch on the light.

Care and cleaning

Turn the light off and let it cool. Dust the stone gently with a soft, dry cloth. Avoid water, chemicals and acidic cleaners: natural stone is soft and porous.
