Matilda Smoke Crystal Raindrop Chandelier

Installation Guide

In the box

Gold-tone round frame · smoke grey and clear crystal bars · raindrop crystal strands · chain and canopy with mounting plate · SES (E14) LED globes (4 for 40 cm, 10 for 60 cm) · screws and wall plugs

You will need

Drill, screwdrivers, stepladder, cotton gloves and two people (11.5 to 13.5 kg). Over a table, hang it 75 to 85 cm above the top.

Important safety information

- This light must be installed by a licensed electrician, in line with AS/NZS 3000 (Wiring Rules) and local regulations.
- Turn the power off at the switchboard before installing, cleaning or servicing the light.
- Use screws and wall plugs suited to your wall (plasterboard, timber or masonry).
- Fix only into a joist or a fixing rated for the chandelier's weight.

Step by step

1. **Fix the mounting plate**
   Mark the holes, drill and tap in the wall plugs (skip the plugs on timber), then screw the plate to the ceiling with the supply cable through the centre.
2. **Set the height**
   Choose a chain length between 40 and 150 cm, join it with the screw links and weave the cable through the chain.
3. **Hang the frame**
   Hook the chain to the canopy and check that the frame hangs level.
4. **Connect the wiring**
   With the power OFF at the switchboard: Active to L, Neutral to N, Earth to the earth terminal. Check every connection is tight and insulated.
5. **Fit the canopy, globes and crystals**
   Screw the canopy flush to the plate and fit an E14 LED globe in each holder. Wearing gloves, hang the crystal bars and raindrop strands on the frame.
6. **Test**
   Restore the power at the switchboard and switch on. Use the wall switch to change between warm, neutral and cool white.

Care and cleaning

Turn the light off and let it cool. Wipe the crystals with a soft, lint-free cloth (gloves avoid fingerprints) and dust the frame with a dry cloth. No solvents.
