Mabel Blue Floral Ceramic Wall Light

Installation Guide

In the box

1 x white ceramic wall base (Ø 12 cm) with brass arm (13 cm) and ES (E27) lampholder with on/off switch · blue floral ceramic shade (Ø 17 cm) · mounting bracket · fixing hardware

You will need

Drill, screwdriver, wire strippers, pencil, spirit level and stepladder. One ES (E27) globe, max 60 W (a warm white LED globe, 2700 to 3000K, suits the ceramic shade).

Important safety information

- This light must be installed by a licensed electrician, in line with AS/NZS 3000 (Wiring Rules) and local regulations.
- Turn the power off at the switchboard before installing, cleaning or servicing the light.
- Use screws and wall plugs suited to your wall (plasterboard, timber or masonry).
- The light sits about 24 cm out from the wall: beside a bed, allow room for your head and pillows.
- The shade and wall base are ceramic: handle them with care and keep the shade aside, wrapped, until the last step.
- For indoor, dry areas only.

Step by step

1. **Power off**
   Switch off the circuit at the switchboard before starting.
2. **Fix the bracket**
   Separate the ceramic wall base from its bracket. Mark the holes with a spirit level, then screw the bracket firmly to the wall.
3. **Connect the wiring**
   Connect the light to the supply: Active to L, Neutral to N, and Earth to the earth terminal.
4. **Fit the wall base**
   Tuck the wires neatly inside, then fit the ceramic base over the bracket and tighten the two brass caps gently. Do not overtighten on ceramic.
5. **Fit the shade and globe**
   Unscrew the ring from the lampholder, slide the ceramic shade on, then screw the ring back to hold it. Screw in an ES (E27) globe.
6. **Adjust and test**
   Swivel the arm and tilt the shade to the angle you like, restore the power, then switch on at the wall and at the switch on the lampholder.

Care and cleaning

Switch off and let the globe cool first. Wipe the ceramic with a soft, slightly damp cloth and dry it; dust the brass with a dry cloth. Avoid abrasive cleaners.
