Rowan Black Iron Linear Cage Pendant Light

Installation Guide

In the box

1 x matt black iron rectangular frame (80 x 22 x 22 cm) with 5 ES (E27) lampholders · 2 x 52 cm suspension rods · ceiling canopy (20 x 10 x 2.6 cm) with mounting bracket · fixing hardware

You will need

Drill, screwdriver, wire strippers, pencil, stepladder and a second person to hold the frame. Five ES (E27) globes, sold separately (warm white LED filament globes, 2700 to 3000K, suit the look).

Important safety information

- This light must be installed by a licensed electrician, in line with AS/NZS 3000 (Wiring Rules) and local regulations.
- Turn the power off at the switchboard before installing, cleaning or servicing the light.
- Use screws and wall plugs suited to your wall (plasterboard, timber or masonry).
- The rods are a fixed length: the light hangs 76.5 cm from the ceiling to the bottom of the frame. Over a kitchen island, aim for about 75 to 85 cm between the benchtop and the bottom of the frame.
- Fix the bracket to a ceiling joist or solid support, not to plasterboard alone.

Step by step

1. **Power off**
   Switch off the circuit at the switchboard before starting.
2. **Fix the bracket**
   Separate the canopy from its bracket. Mark the holes, centred over the island or table, and screw the bracket firmly into a ceiling joist or solid support.
3. **Attach the rods**
   Screw the two 52 cm rods into the top of the frame and the canopy, and tighten them so the frame hangs level.
4. **Connect the wiring**
   With a helper holding the frame, connect the light to the supply: Active to L, Neutral to N, and Earth to the earth terminal.
5. **Fit the canopy**
   Tuck the wires neatly inside, then fit the canopy over the bracket and secure it flush with the ceiling.
6. **Fit the globes and test**
   Screw an ES (E27) globe into each of the five lampholders, then restore the power and switch on.

Care and cleaning

Switch off and let the globes cool first. Dust the frame with a soft, dry cloth and avoid water or harsh cleaners on the matt black finish.
